

ELITE, UNDER23, JUNIOR AND YOUTH UNIFORM RULES

1. Overview:

- 1.1. To compete in ITU events, athletes must comply with the ITU Uniform Rules.
- 1.2. The images on this document are reproducing a typical triathlon uniform. For winter triathlon and, in some cases, in triathlon, duathlon and aquathlon, the long sleeves and lower leg covering are allowed. This appendix applies in the same way for all the cases.

2. Purpose:

- 2.1. Provide a clean and professional image of our sport to local and global spectators and media.
- 2.2. Provide sponsors with reasonable space for viable exposure.
- 2.3. Provide a framework for enabling ITU member National Federations (NFs) and athletes to have a mutually beneficial relationship with respect to rights and responsibilities, as per Appendix F.2.

3. General Requirements:

- 3.1. Uniforms will be completely clean of any logos or images other than those described below.
- 3.2. Logos will be measured on a flat surface when the athlete is not wearing the uniform. The "ITU Logo Measurement Template" will be used to measure the logo sizes.
- 3.3. There is no restriction on the type of logo used in the sponsor spaces other than those representing tobacco, spirits and products containing any substance on the WADA Prohibited List.
- 3.4. There must be a minimum clearance space of 1.5cm around all marks including:
 - a) The ITU logo;
 - b) The family name
 - c) The country code;
 - d) All sponsor logos

4. Uniform Colour and Design:

- 4.1. Uniforms must be in the colours chosen by the National Federation (NF) for ITU World Triathlon Series Grand Final, ITU World Triathlon Series, ITU Continental Championships and ITU Multisport World Championships events. For all other ITU events the uniform colors have no restrictions.
- 4.2. The colour and design of the uniform and podium apparel must be distinct to that country and must be approved by ITU in advance.
- 4.3. Country uniforms must have a distinct look, however the design requirements should not impact on technical requirements athletes might have due to body shape or size.

- 4.4. The approval process for the uniform colour and design is outlined in Appendix F.8. The goal of the approval process is to ensure countries do not have the same uniform colour and design.
- 4.5. ITU reserves the right to establish a specific rule till 30th of January regarding the color of the uniform of the actual leader of ITU World Triathlon Series has to wear.

5. Family Name and Country Code/Name:

5.1. The family name and the IOC country code must be placed on the upper front of the uniform and also on the buttocks. The representation of both the family name and country code must meet the following criteria:

a) **Font Type:**

- The font type must be "Arial".
- Letters for the family name and country code must be in upper case, unless the name is more than 9 letters, in which case lower case letters should be used following the first capital letter. Symbols such as ' - . and space are considered as characters (See Diagram 2: Family Name Layout).

b) **Colour:**

- If the uniform is a dark colour, the letters must be white. If the uniform is a light colour, the letters must be black.

c) **Position:**

- Height: The family name and the country code must be 5cm in height, regardless of the number of letters in the name.
- Width: The length for the family name is a minimum of 12cm and a maximum of 15cm. A family name with few letters must still be a minimum length of 12 cm. (See Diagram 2: Family Name Layout) The width for the country code must be 6cm to 10 cm.

MAY

- For family names such as "MAY" above, the height is 5cm and the width is 12cm.
- For longer names such as "Polikarpenko" below, the height is still a minimum 5cm but the name should take up the full 15cm.

ITU COMPETITION UNIFORM APPROVAL PROCESS

1. Overview:

1.1 This process is part of the ITU Uniform Rules and is a specific addition to the ITU Competition Rules.

2. Purpose:

2.1 The process was created to regulate the ITU's approval of the design of each NF's competition uniform to be used by their athletes in all ITU competitions according with the ITU Uniform Rules.

3. General Requirements:

3.1 Every NF uniform has to be different from any other NF uniform, according to the ITU Uniform Rules. The difference will be significant to avoid confusion between two different NFs.

3.2 Artistic or creative elements are acceptable provided that the ITU Competition Rules are followed. Specifically, if the design contains recognisable commercial logos or trade marks which exceed the surface limits, it will not be approved.

3.3 The same design applies to all types of uniforms: men, women, triathlon style, duathlon style, summer, winter, etc.

3.4 Every NF can request the approval of one different uniform design for every different multisport. Two uniform options can be requested for the Age Group athletes, indicating which is the 1st option and which is the 2nd option. However, all athletes from the same NF, competing in the same event, will wear the NF's same distinctive design.

4. Timeline for Approval:

4.1 NFs will submit a proposed design of their Competition Uniform for the following year, according to these specifications:

- a) A pattern provided by ITU will be used, (see Diagram 1, ITU Competition Rules.)
- b) Sponsor spaces and dimensions, as outlined the ITU Uniform Rules. The athlete's family name and NF code positions (front and back) and dimensions of both.
- c) The position and dimensions of the ITU logo. The colour(s) used in the design, including the pantone. The proposed design may be submitted in .jpg .gif .bmp or .tif format.

4.2 Once approved, the Uniform approval is extended till the the NF must seek approval for a new design.

5. Approval:

5.1 ITU will inform each NF in writing about the approval or disapproval of their NFs uniform if the design is:

- a) Compliant with all the ITU Uniform Rules.
- b) Distinct from other NF designs.

5.2 If the request is not approved ITU will:

- a) Ask the NF for a new design if the submitted one did not comply with the ITU rules, or
- b) Ask the NFs that submitted similar requests to agree to modifying their proposed designs in order to have different uniforms.
- c) If the NFs do not get an agreement ITU will decide on which NF can use the proposed design according with these priorities.
 - The NF that used the proposed uniform in the past will be given preference.
 - If both NFs are proposing new uniforms, a draw will be conducted to choose which NF will use the submitted design and which NF(s) will have to submit a new one.

5.3 ITU will produce an electronic catalogue of approved NF's competition uniforms. This catalogue will be updated monthly.

5.4 Requests for uniform approval received will be considered on a monthly basis. NFs requesting approval will choose designs that are different from those already approved.

6. Approval Panel:

6.1 All decisions on uniform approval will be made by a panel composed of:

- a) An ITU Technical Committee member.
- b) A representative of the ITU Sport Department.
- c) A member of the ITU World Championships Series Commission.
- d) A representative of the ITU Media and Television Department.
- e) A representative of the ITU Coaches Commission.

6.2 The decisions of the Approval Panel can be appealed to the ITU Executive Board. This appeal does not suspend the decision of the Approval Panel, but rather the decision will stay in place during the time the Executive Board takes to make a decision on the appeal.
